Review Report

To the Board of Directors of Commercial International Bank

We have reviewed the accompanying consolidated financial position of Commercial International Bank (S.A.E.) as of June 30, 2007 and the related consolidated statements of income, cash flow and statement of changes in equity for the financial period then ended. These consolidated financial statements are the responsibility of the Bank's management. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review in accordance with the Egyptian Auditing Standard applicable to review engagements. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of Bank's personnel and analytical procedures applied for financial data, and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review, nothing came to our attention that caused us to believe that the consolidated financial statements of Commercial International Bank for the period ended June 30, 2007 contain material or significant adjustments that are required to be made so as to make them in accordance with Central Bank of Egypt's rules, pertaining to the preparation and presentation of the financial statements, issued on June 27, 2002 and its amendments.

* Refer to note number (28)

The Commercial International Bank (Egypt) S.A.E. & Subsidiaries
Notes To the Consolidated Financial Statements
From January 1, 2007 To June 30th,2007

(1) Organization and Activities

A) Commercial International Bank (Egypt) S.A.E.

It was formed as a joint stock company on August 7th, 1975 under the Investment Law No. 43 for 1974. The Bank is licensed to carry out all commercial banking activities in Egypt through its Head Office and eighty two branches , in addition to forty six units.

B) CI Capital Holding Co S.A.E.

It was formed as a joint stock company on April 9th, 2005 under the capital market law no. 95 for 1992 and its executive regulations. Financial register no. 166798 on April 4th, 2005 and the company has been licensed by the capital market authority to carry out its activities under license no. 333 on May 24th, 2006.

As of June 30th, 2007 the bank directly owns 27,551,154 shares represents 50.09% of CI Capital Holding company's capital . According to the shareholders' agreement dated October 10, 2006 effective April 2007.

As at June 30th, 2007 CI Capital Holding Co. directly owns the following shares in its subsidiaries:

<u>Company Name</u>	<u>No. of Shares</u>	<u>Ownership%</u>	<u>Indirectly Share%</u>
▪ CIBC Co.	539,880	89.98	45.07
▪ CI Assets Management	445,499	89.09	44.63
▪ Concept Co.	448,500	89.70	44.93
▪ In Search Co.	448,500	89.70	44.93
▪ Dynamic Brokerage Co.	3,392,000	99.91	50.04
▪ Blue Nile Co. for Consultant	50,000	100.00	50.09
▪ United Brokerage Co. – Dubai	5,000,000	49.00	24.54

(2) Significant Accounting Policies

A) Basis of Preparing Financial Statements

The Financial Statement is prepared in accordance with the Central Bank of Egypt's Financial Statement Regulations . And takes into consideration prevailing local laws and regulations.

B) Basis of consolidation

As CIB owns 50.09% of CI Capital holding which is a jointly control company between CIB and other investors , CIB management decided to follow the proportion method in preparing the consolidated Financial Statement with retroactive effect in 2006 .

The consolidated financial statements include assets and liabilities and results of operation of the Commercial International Bank- Egypt and its subsidiaries which are controlled by the bank . The basis of the consolidation are as follows:

(2)

- Dropping 50.09% from the balances of mutual deals between CIB and C.I. Capital Holding Co. .
- All intra- group balances and transactions have been eliminated
- Minority interest in the equity and results of operation of the subsidiaries controlled by the bank is shown as a separate item in the consolidated financial statements and is calculated based on their share in the assets and liabilities of the subsidiaries.

C) Transactions in Foreign Currencies

- The Accounting records of the bank are maintained in Egyptian pounds. Transactions in foreign currencies conducted during the year are recorded at the foreign exchange rates prevailing at the time such transactions take place .
Assets & Liabilities are revalued at the foreign exchange rates prevailing at the end of year , generated gain and losses are recorded in “Foreign Exchange Income“ in the income statement.
- Forward contracts are evaluated at the end of the financial year at its fair value on this date using the forward rates for the remaining periods until maturity dates of these contracts. The revaluation differences are recorded in “ Foreign Exchange Income “ in the income statement .
- Currency SWAP contracts are recorded on the date of commitment under contingent liabilities accounts . The difference between the two parts of the contract is recorded in other liabilities or other assets as unrealized gain /loss on the date of commitment . The said difference is amortized by crediting / debiting the “ Foreign Exchange Income“ in the income statement.
- Premium paid for foreign currencies option contracts is recorded in the Balance Sheet under “ Debit Balances & Other Assets “ such premium is settled in the income statement according to the evaluation of these contracts at fair value. The difference between premium received and paid concern the customers hedging option contracts recorded in the Balance Sheet under “ credit balances & other liabilities “ category and settled in “ foreign exchange income” on accrual basis.

D) Realization of Income

The bank applies the accrual basis in recording interest received from Loans & Overdrafts, Due from Banks, Treasury Bills , reverse repose and Bonds. Interest on past due Loans & Overdrafts are not recorded on the income statement. Dividends income are recognized when declared .

E) Operating revenues in the holding company:

The activities income of the subsidiaries companies comes as soon as the related service is done, the services are :

- Consultancy services to the group before the acquisition date.
- Securities trading fees & commission for the customers.
- Management fees as follows:

- 1- Mutual funds & investment portfolios management fees:
- The management fees are calculated as a percentage “ according to the agreement terms & conditions” of the net mutual fund assets on a monthly basis and classified in the revenue on an accrual basis.
 - Commission calculated as a percentage of net mutual fund assets fair value on a daily basis.

- 2- Performance fees:
performance fees calculated by specific ratios from customers portfolios annual return in case of it exceeds a specific return based on the contract terms and its calculated based on the return on the net assets such fees are excluded from revenues unless they meet the booking terms.

F) Treasury Bills & Other Discountable Notes at CBE

Treasury Bills are recorded at face value. The issuance discount is recorded in Other Liabilities and deducted from the Gross Treasury Bills balance on the Balance Sheet .

G) Repos & (Reverse Repos)Transactions

Repos (Reverse Repos) transactions are eliminated (recorded) on the Balance Sheet under “ Treasury Bills and Other Notes Discountable at the CBE “ whereas its cost (revenue) is recorded on the income statement under the term “interest paid to clients & Banks“ (“interest received from treasury Bills & Bonds “)

H) Evaluation of Trading Investments

- Trading investments including portfolios managed by other party are evaluated at the end of the financial year at its fair market value and the evaluation difference is recorded in income statement .
- Trading investments not satisfying the trading investment classification condition are evaluated at their book value. Such value is subject to be reduced in case of a continual decrease based on the comprehensive objective study of the latest financial statements for the company issued the securities. The evaluation difference is recorded in the income statement.
- Mutual fund certificates which have issued by the bank are evaluated at the end of the financial period at their fair market value and the evaluation difference is recorded in income statement .

I) Evaluation of Available for Sale Investments

Available for Sale Investments are evaluated at the lower of cost (taking in consideration the evaluation of Foreign Currency) or fair value for each investment and the differences are recorded in “other investments evaluation differences “ in Income Statement .

In case of increase in the value , such increase is added to the same category within the limit of amounts previously charged to income statement for previous financial periods .

Except the difference related to prior years which up to the end of the year 2002 should be recorded as a special reserve in shareholders’ equity . In case of decreases in the investment value its share in the special reserve will be utilized , and the remaining balance should be transferred to income statement .

In case of selling the investment, it’s share in the special reserve should be transferred to income statement .

J) Evaluation of Held to Maturity Investments

Bonds purchased from the primary market are evaluated at cost, representing the nominal value adjusted by the issuing premium/ discount which is amortized using the straight line method. The amortization value is recorded in the interest received from treasury bills and bonds in the income statement .

The same treatment is applied to bonds purchased from the secondary market at a value higher or lower than the nominal value, and the cost is reduced by the gains related to the previous period of the purchasing date .

In case of downfall of the fair value of each bond the book value shall be adjusted and the difference is recorded in “other investments revaluation difference” in the income statement . In case of increase in fair value such increase is added to the same category within the limit of amounts previously charged to the income statement for previous financial periods.

The book value of foreign currency bonds is amended by the difference resulting from the revaluation of the foreign currency at the exchange rate prevailing at the evaluation date. Such differences are recorded in foreign exchange income in the income statement .

- Mutual fund certificates which must be held till maturity date as the bank is the issuer , are evaluated at cost and in case of downfall of its fair value the book value is adjusted by such downfall and charged to “Other Investments Revaluation Difference” in the income statement. In case of an increase in the fair value. Such increase will be added to the same category in the income statement within the limit of the amounts previously charged .

K) Investments in Subsidiaries and Associated Companies

These investments are evaluated at cost and in case of downfall of its fair value, the book value of each investment is adjusted by such downfall and charged to “Other investments evaluation difference“ in the income statement. In the case of an increase in the fair value. Such increase will be added to the same category in the income statement within the limit of the amounts previously charged . Also investments in jointly controlled companies are evaluated at cost .

L) Assets Acquired for settlement of Debts

These Assets are recorded in the Financial Statement under “ debit balances & Other Assets “ at cost and in the case of a decrease of the fair value of these assets at the Balance Sheet date, the difference is charged to the income statement and the increase of the fair value should be credited to the income statement within the limit of amounts charged in previous financial periods .

M) Provision for Doubtful Debts and Contra Accounts

Provision For Doubtful Debts is established on the basis of an appraisal of the identified risk for specific facilities and loans in addition to one to five percent for General risk based on the risk inherent in any loan portfolio which is not specifically identified.

Provision for Doubtful Debts is decreased by loans written off and is increased by recoveries of loans previously written off. In addition to taking all the necessary legal action required, a continuous follow up is performed for the recovery of all or part of the written-off amounts.

N) Contingent Liability Accounts

Contingent Liability Accounts include transactions in which the Bank is involved as a third party , forward foreign exchange contracts, SWAP transaction , Option. Such transactions do not represent actual bank’s assets or liabilities at the Balance Sheet date.

O) Cash & Cash Equivalent

In the Statement of Cash Flow, the Cash and Cash Equivalent item includes balances of cash and due from Central Bank, current account balances with Banks and Treasury Bills with maturities of three months.

P) Depreciation and Amortization

Depreciation of Fixed Assets (Except the land) is calculated on the basis of the estimated useful life of each asset using the straight-line method.

Improvement and renovation expenses for the bank's leased premises are amortized over the period of the lease contract or the estimated useful life whichever is lower.

Q) Income Tax

Income Tax on the profit or loss for the year comprises current and deferred tax is recognized in the Income statement .

Current tax is the expected tax payable on the taxable income for the year using tax rates enacted or substantially enacted at the balance sheet date .

Deferred tax is provided for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes . The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities , using tax rates enacted or substantively enacted at the balance sheet date .

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized . Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

L) Intangible Assets (goodwill)

The basis of calculation was executed primarily and temporarily at the end of the period using assets or liabilities or contingent liabilities balances for the acquired company .

(3) Financial Instruments and their risk management

(3/1) Financial Instruments

- A) The bank's financial instruments are represented in the financial Assets and Liabilities. The financial assets include cash, due from banks, investments and loans to customers and banks . The financial liabilities include customers' deposits, due to banks and long-term loans. Financial investments also include rights and obligations stated under " contingent liabilities and commitments

Note No. (2) of the notes to the financial statements includes the accounting policies applied to measure and recognize significant financial instruments and the revenues and expenses related thereto.

(7)

B) Financial Instruments Fair Value

Using the valuation basis of the bank's assets and liabilities, as referred to the notes to the Financial Statements, the financial instruments' fair value do not substantially deviate from their book values at the Balance Sheet date. The notes No. (8),(11),(12) are showing the fair value for all investment (except Trading Investment) in the date of financial statement .

C) Forward Contract

According to Central Bank of Egypt instruction the bank doesn't execute deferred contracts except to the necessary limit of short term transaction to cover its requirements of Foreign currencies or the bank's customers' requirements to fulfill their obligations resulting from short- term transactions.

(3/2)

Risk Management

A) Interest rate risk

The value of some financial instruments fluctuate due to the fluctuation in interest rates related thereto. The bank follows some procedures to minimize this risk such as:-

- Correlating between the interest rates on borrowing and lending.
- Determining interest rates in consideration with the prevailing discount rates on various currencies.
- Monitoring the maturities of financial assets and liabilities with its related interest rates.

The notes No. (31 & 32) of the notes to the Financial Statements disclose maturities of the assets and liabilities and the average interest rates applied to assets and liabilities during the year .

B) Credit risk

Loans to customers and Banks ,financial Investments (Bonds), due from banks, rights and obligations from others, are financial assets exposed to credit risk which result in these parties' inability to repay in part or in full the loan granted to them at maturity.

The bank adopted the following procedures to minimize the credit risk.

(8)

- Preparing credit studies about the customers before dealing with them and determining credit risk rates related thereto .
- Obtaining adequate guarantees to reduce the risks resulting from insolvency of customers.
- Monitoring and preparing periodic studies about customers in order to evaluate their financial and credit positions and estimate the required provisions for non - performing loans.
- Distribution of loans portfolio and due from banks over various sectors to avoid concentration of risk.

Note No. (34) discloses the distribution of loans portfolio over various sectors.

C) **Foreign Currency Risk**

The nature of the bank's activity requires the bank to deal in many foreign currencies which exposes the bank to the risk of fluctuation in exchange rates. To minimize this risk, the bank monitors the balancing of foreign currency positions according to Central Bank of Egypt instructions in that respect. Note No. (35) of the financial statements discloses significant foreign currency positions at the Balance Sheet date.

Total deferred tax assets(liabilities)	<u><u>50,182,214</u></u>	<u><u>40,632,719</u></u>

28- **Share-Based Payments:**

According to the extraordinary general assembly meeting on June 26, 2006 , the bank activated a new employees share ownership plan (ESOP) scheme and issued equity-settled share-based payments .Such employees should complete a term of 3 years of service in the bank to have the right in ordinary shares at face value(right to share) that will be issued on the vesting date, otherwise such grants will be forfeited. Equity-settled share-based payments are measured at fair value at the grant date, and expensed on a straight-line basis over the vesting period (3 years) with corresponding increase in equity based on estimated number of shares that will eventually vest.The fair value for such equity instruments is measured by use of Black-Scholes pricing model.

Details of the rights to share outstanding during the period are as follows:

	Number of Shares
Outstanding at the beginning of the period	-
Granted During the period	1,909,350
Forfeited during the period	-
Exercised during the period	-
Outstanding at the end of the period	1,909,350

- The estimated fair value of the Equity instrument (Right to share) granted is EGP 45.82 .
Totaling LE 14,579,792 at the end of June 2007
